Title and brief description of submission:

---

I am submitting to General Purpose Entertainment my above entitled proposal on the following understanding:

1. I understand that it is your policy not to consider program proposals unless I agree to accept your good faith in determining whether the proposal is novel or original. If you determine that the proposal is novel or original, then you agree to treat my proposal as confidential and not to make any use of it unless you first negotiate with me compensation for such use.

2. I recognize, however that your use of material containing elements similar to or identical with those contained in my proposal shall neither obligate you to negotiate with me nor entitle me to any compensation if you determine in good faith that you have an independent legal right to use such material because (a) other people (including your employees) have submitted or prepared or may submit similar or identical proposals; (b) my proposal is not novel or original.

3. I warrant that the proposal is original with me and that no one else has any right to it.

4. I have retained a copy of the proposal submitted to you and release you from liability for loss or damage to the proposal. No acts with respect to the proposal (such as your returning it to me) will affect our respective rights under this agreement.

5. My proposal will not be returned unless I instruct you in writing to do so. This request is to be included at the time of forwarding the proposal. Should the proposal not be selected for development/production, it will be destroyed.

Sincerely,
